

STUDENT EVANGELISM TO THE NATIONS TEAMS

A Short Term Missions Ministry of
Free Gospel Bible Institute and SON Ministries

SENT to Honduras

Dear Friends & Supporters of World Missions;

FEB 2016

I am thrilled about the opportunity that God has provided for me along with several students and faculty members from *Free Gospel Bible Institute* to take our 6th *Student Evangelism to the Nations Teams* mission trip to Honduras. The Lord willing, our SENT Team will arrive in Danli, Honduras in the Spring of 2016 for a 12 day missionary effort. We will be working with The Sumner family who operates the **Christ Cares Mission** work. The Sumners are a loving, godly family with a great vision for God's work. Bro. Alan Sumner pastors a church of over 300 in Danli, and his brother Scott and his father help to oversee many outreach ministries to their city and nation. They labor in all branches of the military and in prisons sharing the gospel message! While in Honduras, the SENT Team will be involved in regularly scheduled church services, revival services, a Military outreach and children's meetings.

May we be reminded of Jesus' words regarding missions: *"The harvest truly is plenteous...laborers are few."* SENT ministry, now in its 11th year, has the goal and passion to see that laborers for the end time harvest are raised up. In order to effectively fulfill the Great Commission, all Christ's followers must work together: some are called to go and some are called to send. Those who send can help provide the means necessary for the called ones to go to the mission field and work. I sincerely ask you to consider helping to send these students and I to Honduras for this life changing adventure in World Missions. Thank you!

His for the Harvest;

Charles S. Pahlman D. Min. (founder of SON and SENT Ministries)

On our way to minister on Tiger Island

Preparing for Youth service at Church

Powerful altar service, many were saved!!
